We would like to welcome your son to the high school by offering a camp for incoming freshman. This will give the coaching staff and I a chance to get to know your son and introduce him to our system. Our primary emphasis will be on developing fundamental skills in shooting, passing, dribbling, rebounding, and footwork. We will also spend time on team skills such as motion offense, transition offense, man-to-man defense, and toughness drills. Skills will be taught in an enthusiastic environment utilizing instructional stations. We think your son will greatly benefit from a week at our camp. Our goal is for him to have a great camp experience and to improve as a player within our system.
