We look forward to sharing part of the summer with your son as a student of the McHenry High School Basketball Camp. Our primary emphasis will be on developing fundamental skills in shooting, passing, dribbling, rebounding, and defense. Skills will be taught in an enthusiastic environment utilizing instructional stations. The camp will also feature daily skills competition and 3-on-3 games. We think your son will greatly benefit from a week at our camp. Our first goal is for him to have a great camp experience, and our secondary goal is for your child to improve as a player.
